Portfolio

Coordination technique des expositions
2013 -2021, Centre d'Art Contemporain Genève

- réalisation des projets d'artistes
- scénographie d'exposition
- conception du mobilier d'exposition
- installation vidéo et audio
- éclairage

Actif dans le domaine de l'ingénierie d'exposition, de la scénographie et des arts plastiques, je suis titulaire d'une license en scénographie à l'Ecole d'Art Dramatique du Théâtre National de Strasbourg et d'un postgrades en art visuel de la Haute Ecole d'Art et de Design. J'ai réalisé de nombreuses scénographies, notamment pour le théâtre et l'opéra et collaboré à des projets d'architecture. Fort d'une expérience unique dans le domaine de la scène et de l'exposition, je conjugue une créativité et une gestion de projets dans le domaine institutionnel.

I have been active in managing and engineering exhibition spaces and scenography for museums, as well as set designs especially for theatre and opera, and I have collaborated in diverse architectural and landscape projects. I have a master's degree in scenography from the Graduate School of Dramatic Art in the National Theatre of Strasbourg (France) and a postgraduate in visual art at the University of Art and Design of Geneva(Switzerland). With my strong varied and unique experience, I am able to combine creativity and project management in the institutional domain.
